

計劃背景

因應市民對腸道相關疾病檢查的需求日益增加，醫院管理局（醫管局）為特定群組的醫管局病人提供途徑，透過「腸道檢查公私營協作計劃」接受專科評估和服務。透過此計劃，獲邀請的病人可選擇接受由私家專科醫生提供的臨床評估和大腸鏡檢查，及視乎需要而安排的大腸鏡檢查後之診症。而醫管局將會對參與計劃的病人作出定額資助。

Background

To cater for the growing demand of colon assessment services, the Hospital Authority ("HA") provides channel for a specific group of HA patients to have specialist assessment and care via the Colon Assessment Public-Private Partnership Programme ("Programme"). Under this Programme, invited patients can choose to receive clinical assessment, colonoscopy and post-procedural management services if appropriate, from the specialists in the private sector. HA will provide fixed subsidy to the enrolled patients for the specialist services.
