

Increasing Metoprolol Tablet Orderable Quantity

Dear Doctor,

Thank you for your participation and continual support to the Programme. Upon receiving feedback from some Participating Service Providers (PSPs) for ensuing continual supply of drugs for Programme patients, we are pleased to inform you that the orderable quantity for Metoprolol Tablet will be increased.

The calculation basis for the orderable quantity of Metoprolol Tablet will be adjusted to 150mg daily. The amended orderable quantities for Metoprolol Tablet 50mg and 100mg will be applied on **4 April 2018**. You may log in to the drug ordering platform on eHRSS to check the updated balance.

For the purposes of updating of drug orderable quantity and enabling clinical information sharing, your timely prescription input in the IT platform is highly appreciated.
