

## Revision of Common Dosage and Frequency for Standard Drug

Dear Doctor,

To enhance your experience in medication documentation, we have reviewed the common dosage and frequency of Programme Drugs. The pull-down list of dosage and frequency for standard drug items will be revised with effect from 21 November 2019.

For example:

(Before update)

Assessment Note/Diagnosis Medications

Standard  
Drug Name Dosage and Frequency PRN Duration

Perindopril Tertbutylamine Tablet 4mg

1 tablet(s) oral daily  
2 tablet(s) oral daily

(After update)

Assessment Note/Diagnosis Medications

Standard  
Drug Name Dosage and Frequency PRN Duration

Perindopril Tertbutylamine Tablet 4mg

0.5 tablet(s) oral daily  
1 tablet(s) oral daily  
1.5 tablet(s) oral daily  
2 tablet(s) oral daily

Add New Item

Revised common dosage and frequency of the drug item will be listed for selection

Please be reminded to take extra caution when entering or copying prescription records on the IT platform. You may still enter the dosage and frequency not on the suggested list as clinically indicated using the free text function.

Should you have any feedback, please feel free to contact us at [gopcPPP@ha.org.hk](mailto:gopcPPP@ha.org.hk) or via Programme hotline 2300 7300 (after selecting language, press “5” to speak directly with our hotline staff). Thank you for your attention.

Yours faithfully,
