

General Outpatient Clinic Public-Private Partnership Programme Workflow for Drug Refills

Drug Refills Arrangement

At some time before next scheduled chronic appointment

Patient wishes Drug Refills to contact his/her PSP, for PSP to consider of Drug Refills arrangement appropriate

OR

PSP to review patient medical records and identify stable patient for Drug Refills arrangement; can then contact patient to offer

Eligibility of Drug Refills

PSP will review patient's latest medical records, or/ and contact the patient directly to assess his/her clinical status

For Stable patients without changes in medication or drug-related issues, PSP can contact patients to collect Drug Refills

For patients with active discomfort, changes in medications or drug-related issues, they should visit the clinic as originally scheduled

Collection of Drugs

Patient or the carer can visit PSPs clinic to collect the Drug Refills

To present patient's identification document

Patient or the carer have to register attendance and sign authorization letter (if any) to collect drugs

After Successful Drug Refill

(For Patient) Same quota deduction and co-payment will apply for Drug Refill and patient will receive system notification about quota usage

(For PSP) Input Consultation Notes including prescription details under the GOPC PPP Profile

普通科門診公私營協作計劃

覆配藥物流程

覆配藥物安排

在下次預約覆診期之前

病人聯絡家庭醫生查詢覆配藥物安排，醫生會評估病人是否適合覆配藥物

或

家庭醫生覆核病人的診症紀錄以識別情況穩定的病人，醫生會聯絡病人覆配安排

覆配藥物資格

家庭醫生會先覆檢病人最新的診症紀錄，及或
直接聯絡病人並作出評估

病人情況穩定，藥物處方沒有改變
或沒有藥物相關問題，家庭醫生可
聯絡病人領取補充藥物

病人如感不適，或藥物處方有變或
有藥物相關問題，應如期到家庭醫
生診所覆診

領取藥物

病人或其照顧者可到家庭醫生診所領取補充藥物

病人或其照顧者均需出示病人的身份證明文件

病人或其照顧者需登記到診紀錄及簽署覆配藥物同意書(如有)以領取補充藥物

成功覆配藥物後

病人每次覆配藥物的收費與資助診症費用相同，並會扣減一次資助診症額，同時收到系統發出有關使用診症額的通知。

家庭醫生記錄相關藥物
處方於電子平台
