

## Project on Enhancing Radiological Investigation Services through Collaboration with the Private Sector

### Terms and Conditions

#### Introduction

- A. Over the past few years, there has been an increasing demand for radiological investigation services such as Computed Tomography (“CT”) and Magnetic Resonance Imaging (“MRI”) scans in Hospital Authority (“HA”). Such non-invasive radiological examinations are crucial to facilitating timely investigation, particularly in the field of oncology.
- B. HA has since May 2012, implemented the “Pilot Project on Enhancing Radiological Investigation Services through Collaboration with the Private Sector”. In the 2016 Policy Address, the Chief Executive has proposed allocating \$10 billion to the HA to set up an endowment fund to generate investment returns for regularising and enhancing pilot clinical public-private partnership (“PPP”) programmes, as well as develop new clinical PPP initiatives. In line with this policy direction, HA is now implementing the “Project on Enhancing Radiological Investigation Services through Collaboration with the Private Sector” (“Project”).

#### Terms and Conditions on Referral to the Private Sector for CT/MRI Scans

1. This document sets out the terms and conditions applicable to HA patients who may be referred out under the Project (“T&Cs”).
2. In these T&Cs:
  - (a) A word importing the singular includes the plural and vice versa, and a word of any gender includes the corresponding words of any other gender.
  - (b) The meaning of general words is not limited by specific examples introduced by including, “for example” or similar expressions. The word “including” or any other form of that word is not a word of limitation.
  - (c) These T&Cs are subject to the laws of Hong Kong. Chinese translation of these T&Cs is for your reference only.
  - (d) The application of the Contracts (Rights of Third Parties) Ordinance is expressly excluded and no person who is not a party to these T&Cs shall be entitled to enforce any right or term of these T&Cs pursuant to the Contracts (Rights of Third Parties) Ordinance.
3. (a) HA patients who are “Eligible Persons” within the meaning of the latest gazette fees and charges published by HA (“Gazette”) under Section 18(1) and Section

18(2) of the Hospital Authority Ordinance ("**HA Patients**") suffering from cancer ("**Disease**") and in need of any or a combination of the CT/MRI scans to plan for treatment may be referred to the private sector under the Project, subject to these T&Cs. Details of the body regions to be scanned, which may be amended from time to time by HA at its sole discretion, are set out in Appendix 1.

- (b) For the purposes of paragraph 3(a) above, HA has selected a panel of service providers of CT and MRI scans, the details of which are at Appendix 2 ("**Participating Service Provider(s)**" or "**PSP(s)**"). Whilst HA recommends HA Patients to select PSPs near their homes, HA Patients are free to choose any PSP and they are required to indicate their choice in the reply form at Appendix 3.
4. As a HA Patient who wishes to be referred out to the PSP of your choice for CT/MRI scans to investigate your Disease, you must acknowledge and agree that:
- (a) HA may in its absolute discretion decide:
    - (i) whether clinically you can be referred out, and even on referral, HA may withdraw you from such if deemed clinically appropriate;
    - (ii) whether you should undergo CT and/or MRI scans and for which region of your body.
  - (b) Under the Project, you are required to pay the PSP for each radiology service items in accordance with HA's fees and charges for Non-urgent Radiology Service – Advanced Item as set out in the Gazette ("**Co-Payment**"). The amount of the Co-Payment may be adjusted any time in the future by HA. HA Patients who are eligible for a waiver under the criteria set out in HA's website relating to the Project on [www.ha.org.hk/ppp/radi](http://www.ha.org.hk/ppp/radi) (as amended from time to time at HA's sole discretion) may be entitled to partial or full waiver of the Co-Payment when they participate in the Project. Civil servants, pensioners, HA staff, HA retirees, and their eligible dependants are entitled to free medical benefits when receiving radiology service in HA and they will also be exempt from the Co-Payment for each radiology service they obtain from the PSP under the scope of the Project. In such situations, HA will also pay the PSP the Co-Payment amount that has been waived.
  - (c) HA's only obligation to you on such referral is to pay the balance of your PSP's costs for the CT and/or MRI scans and the drugs (such as contrast media) required for such scans after deducting the Co-Payment (if any). Please note that:
    - (i) HA is not responsible for carrying out the CT and/or MRI scans and makes no representation or warranty regarding the quality of the

services provided by any PSP;

- (ii) HA is not responsible for the PSP's charges for its other services to you under paragraph 4(d).
- (d) Your attending a PSP for CT/MRI scans is a matter entirely between you and the PSP, to which HA is not a party. Your PSP shall be solely responsible to you for its services, including the CT/MRI scans and any related treatment, and any emergency treatment (such as treatment for adverse reaction to contrast media) that may be needed. You are responsible for payment of the PSP's charges for its services to you under this paragraph 4(d).
- (e) You must understand that CT/MRI scans carry risks, which may include, but not be limited to the following:
  - (i) Mild reaction: such as feeling of warmth, itching, urticaria, nausea, vomiting, arm pain, sneezing, coughing, chest tightness etc. Mild reaction is usually transient and requires minimal or no treatment.
  - (ii) Moderate reaction: such as hives formation, fever and chills, increase or decrease in blood pressure and palpitation, etc. Moderate reaction is more severe and lasts longer. Treatment is usually required.
  - (iii) Severe reaction: such as shortness of breath, irregular heartbeat, chest pain, renal failure, convulsion, unconsciousness etc. Severe reaction can cause harm. Urgent medical attention and hospital admission are usually required.
  - (iv) Death: as with many drugs, contrast medium can cause death. According to medical literature, incident of death from injection of contrast medium is about 1:250,000.
  - (v) Delayed reaction: such as arm pain, itching, rash, painful or swollen salivary glands etc. Few patients experience delayed reaction and usually within 24 hours.
  - (vi) Contrast extravasation: contrast extravasation may occur during intravenous injection of contrast medium.

The above is for your information only. It is the PSP's sole responsibility (and not HA's responsibility) to explain to you (and you should specifically ask about) the nature of the CT/MRI scans that you will undergo and the risks and potential complications.

- (f) To expedite investigation of your Disease, you must make all bookings (including an appointment which has to be rescheduled for whatever reason)

with your PSP or HA (if HA withdraws the referral).

5. To facilitate treatment of your Disease and continuation of care:
  - (a) HA's referral is conditional on your agreeing to participate in the Hong Kong Government's Electronic Health System ("**eHealth**").
  - (b) You must agree to the sharing and transferring your personal data (including health information) ("**Personal Data**") between HA and your PSP, whether through eHealth or other means, and the recording of your Personal Data in HA and your PSP's records. Please note the collection and use of your Personal Data will also be in accordance with the HA and your PSP's respective "personal information collection statement" (or other names that may be used). Please make enquiries with HA and the PSP.
6. You may be invited to participate in research conducted by HA or third party researchers engaged by HA to study the effectiveness and other aspects of the Project and the public-private collaboration on shared care or health care services.
7. These T&Cs shall take effect from 1 January 2026 ("**Effective Date**").
8. The Project may be terminated at any time by HA in its absolute discretion.

**List of CT / MRI Scans by Body Regions**

	<b>Names of Body Regions</b>
CT Scan	(a) Brain
	(b) Head and Neck
	(c) Thorax
	(d) Abdomen
	(e) Pelvis
	(f) Spine
	(g) Limbs
MRI Scan	(a) Brain
	(b) Head
	(c) Neck
	(d) Thorax
	(e) Breast
	(f) Abdomen
	(g) Pelvis
	(h) Abdomen and Pelvis
	(i) Spine
	(j) Limbs

## Patient Reply Form

(To be completed by HA Patient named in this reply form or his / her parent or guardian)

Note: This Form is subject to, and shall be interpreted by, the T&Cs. In the event of conflict between this Form and the T&Cs, the T&Cs shall prevail.

The Hospital Authority prohibits its employees, agents and service providers who are involved in this Project from offering, soliciting or accepting any advantage as defined in the Prevention of Bribery Ordinance (Cap. 201) in connection with this Project. Hence, Project participants and their families should not offer any advantage to them.

1. I am the \*HA Patient / the parent of the HA Patient / the guardian of the HA Patient. I have read, understood and agreed with the T&Cs. (\*Please delete as appropriate)
2. \*I am / The HA Patient is an Eligible Person<sup>#</sup> for public charges of medical fees provided by HA hospitals / clinics. (\*Please delete as appropriate)

*# Definition of Eligible Persons:*

- holders of Hong Kong Identity Card issued under the Registration of Persons Ordinance (Chapter 177), except those who obtained their Hong Kong Identity Card by virtue of a previous permission to land or remain in Hong Kong granted to them and such permission has expired or ceased to be valid;
- children who are Hong Kong residents and under 11 years of age; or
- other persons approved by the Chief Executive of the Hospital Authority.

3. ☐ \*I am / The HA Patient is eligible to enjoy the same fee waiver / no charge arrangements as for the HA services. **Please choose ONE** of the options below: (\*Please delete as appropriate)
  - ☐ Recipient of Comprehensive Social Security Assistance.
  - ☐ Old Age Living Allowance Recipient aged 75 or above.
  - ☐ Level 0 Voucher Holder of the Residential Care Service Voucher for the Elderly.
  - ☐ Certificate Holder for Full or Partial Waiver of Medical Charges.
  - ☐ Recipient of Annual Spending Cap\*.
  - ☐ Civil Service Eligible Person.
  - ☐ HA Staff and Dependant.

*\* Annual Spending Cap:*

*In addition to the existing medical fee waiving mechanism, HA establishes a second safety net by introducing a HK\$10,000 cap on an eligible patient's annual spending for specified public medical fees and charges without requiring financial assessment with effect from 1 January 2026. The fees and charges payable by the patient being an Eligible Person to PSPs under this Project will be counted towards the eligible medical fees and charges of the Annual Spending Cap. The spending amount can be checked via HA Go, One-Stop Electronic Kiosk and any hospital's Shroff office. When the cumulative valid annual spending reaches HK\$10,000, eligible patients should submit an application via HA Go or at any hospital's shroff office. Patients should refer to the Guide on Annual Spending Cap for details.*

4. By signing this Patient Reply Form, I agree to notify HA immediately upon any changes to any information or status provided in this form. I also agree to HA and the PSP whom \*I / the HA Patient will attend to use and make available \*my / the HA Patient's personal data to HA and the PSP, and to appropriate government departments, agencies and authorities etc. for the purpose of \*my / the HA Patient's participation in the Project and to verify \*my / the HA Patient's identity and status for eligibility to participate and for charging and related purposes. (\*Please delete as appropriate)

## Patient Reply Form
